Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion Tells How You Also May Have One

NEW YORK.—When Miss Dorothy Dalton, the beautiful actress who was selected for the leading role in that mammoth "New York production," "Arcturion," was questioned as to the secret of her phenomenal success, she unhesitatingly said: "My complexion." When asked further details she explained: "Every one of my friends always raved about the texture and coloring of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for my beautiful complexion. Managers are beautiful skin as much as any one, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best asset any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have irregular features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how she may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water, then apply a good cold cream (like the one I have found to be the best) after massaging it into the skin take off the superfluous skin with a soft cloth. Then before going out during the day or evening apply Derwillo, a simple toilet preparation which can be purchased at the toilet counter of any up-to-date drug or department store. The first application of this wonderful Derwillo in this city, including the Great
